NIX

Nix Series: Book One

Nix has one goal: to escape notice long enough for her enemies to forget about a murderous joyride thing that Nix may have done, but definitely wasn't responsible for.

Just when Nix gets settled into a little girl named Callie in a nondescript Californian town, a family of paranormal hunters comes knocking on the door. The potential for the kind of questions that could end in exposure—or worse, an exorcism—is too high to ignore.

One of the hunters is a nineteen-year-old girl, sweet as apple pie and twice as naive, and too perfect an opportunity to pass up. Rachel fits worse than Callie, loose in all the wrong places, but all Nix needs to do is lead the hunters away—and give Rachel and her adopted brother a dirty little secret to keep—then disappear, secure in the knowledge that no one ever tells.

Of course, nothing's ever that easy. Nix regrets stealing Rachel almost as soon as she does it. Caught inside a hunter, Nix is damned if she leaves and double damned if she stays—though damnation is pretty rhetorical for a demon. To make matters worse, the idiot hunters are wrapped up in some nasty plot to destroy the world. Nix has *objections* to that sort of nonsense.

Nix isn't the hero the world deserves, but she's the hero it's damn well going to get.
